

# PHOENIX GAMING CLUB

## Newsletter

Welcome to the September edition of the club newsletter, and the first to be put on the new website.

Following on from last month's meeting, the meeting fee is now £3.00 for members and £3.50 for non-members.

However, I would like to suggest that as from next year, the difference between the member fee and the guest fee is £1.00 rather than 50p. This is so that the benefit for being a member is more evident in the saving made each week.

The meeting fee for next year will be set once we have received details of our grant application for a reduction in our hire costs, and had a vote on where the members wish to meet.

The only real alternative to our current venue I believe will be Hensman hall in Chichele Street, Higham Ferrers.

We can hire this for HALF of what we are paying now at Rushden Hall, but the times would alter slightly, being 6.30 to 10.30pm. We would have to put the tables out and away each week, and vacate the premises by 10.30pm latest EVERY WEEK, no game over-running.

We will discuss this at the end of October / early November latest.

### NEW CLUB WEBSITE

Please give Stephen Mawson feedback on the new site, and any ideas you may have for content.

### CLUB MERCHANDISE

I will shortly be emailing everyone with a new order form so that anyone who is interested can place an order. The form will also hopefully be available as a download from the website.

### GAMESDAY 2007

We have once again been asked to put on a game at this event and 6 members will be representing the club at Birmingham NEC on September 23<sup>rd</sup>.

The table is coming along nicely, with Nathan Eaton doing the bulk of the building, and the other players assisting in other areas such as painting etc.

### CLUB ARMIES

To help raise money, the club armies are up for sale. We have 3 available at present, and they are;-

Orcs & Goblins  
High Elves  
Eldar

These were all originally the £50 battalion box sets, and they are each available to buy for £30.

All three are painted and based to a very good standard, and would make great starting forces or additions to an existing army.

### NEMESIS CAMPAIGN

Although the official Games Workshop campaign has now come to an end, the clubs companion to this is still going strong and the good side still lead the evil doers by quite a few points, although recent matches have been going in the favour of the evil guys. Only an impressive start by the good players is keeping the sides apart.

The doubles matches are still to take place and there is talk of a massive 4-a-side game to bring the event to a conclusion.

Thanks to Warren for once again organising a club campaign, it has been good fun so far.

If anyone has anything they want putting in the next newsletter, please send me an email or see me at the club.

Happy Gaming

Carl King
