

# PHOENIX GAMING CLUB

## October Newsletter

Firstly, I can announce that Rushden Council have said that they will send the club a cheque for £350.00 which is the amount we have lost as a shortfall in weekly takings against hire charges this year.

Also, a vote was taken by members at the club on the 1<sup>st</sup> November and the following were passed;-

The weekly meeting fees are left at their current rate until the end of the year. If we continue to cover hire costs after next years increase in hire charges they will remain at this level into 2008. It was decided to stay at Rushden Hall and not look for an alternate venue.

The club membership fee for next year will be £6.00. An increase of just £1.00 on previous years.

### XMAS RAFFLE

Tickets are now on sale, and I would like every member to purchase at LEAST one pound's worth. There are some excellent prizes, and more will be added depending on the level of tick sales.

### CLUB MERCHANDISE

To raise some much needed club funds, we need everyone to try and order at least one item from the recent emailed list of merchandise.

I also have copies of the list which I will hand round at the next club.

### CLUB ARMIES

To also help raise money, the club armies are up for sale. We have 3 available at present, and they are;-

Orcs & Goblins  
High Elves  
Eldar

These were all originally the £50 battalion box sets, and they are each available to buy for £30.

All three are painted and based to a very good standard, and would make great starting forces or additions to an existing army.

### INTERCLUB MATCHES

There is a match coming up in the inter-club league and players who wish to put themselves forward should let me know asap, and what system they would like to play.

The date is Monday December 10<sup>th</sup> at Northampton Warlords, who play at Project Hydra on Abingdon Street.

Once I have news from the Warlords on how many games they want to play (minimum is 4) and what systems I will then sort a team from those who have expressed an interest in playing.

### COMMITTEE ELECTIONS

As we will shortly be in October, it is time to start thinking about next years committee posts and if you would like to stand. Minimum age is 18, and you have to be a fully paid up member. You will also have to undergo a CRB check if you are elected and do not already hold one.

Positions are;

Chairman

Vice Chairman

Treasurer

Events Co-Ordinator

Fundraising Co-Ordinator

Members Co-Ordinator

It may be that the Events post and the Fundraising post are joined together to make one job.

Personally, I would like to see some 'new blood' on the committee so we can get some new thoughts and ideas into the club, so come on, put your name down and help the club move forward.

Cheers for now,

Carl King - Chairman
